

## General Practitioner – East Coast of Tasmania

position number	PXXX
status	Full Time, on-going (FT)
network	Services
agreement	AMA & Cohealth Medical Partitioners Single Enterprise Agreement 2021 - 2023
classification	NA
reports to	Medical Practice Manager

about us	cohealth is a not-for-profit community health organisation. We provide health and support services in Melbourne's CBD, and northern and western suburbs. Cohealth has recently started supporting residents in the East Coast of Tasmania through the acquisition of 2 medical practices in Bicheno and Triabunna.
what we do	Our work aims to improve the health and wellbeing of our communities and address health and social inequality.
our organisation	cohealth is a community health organisation with an ambitious strategic plan. Our mission is to improve health and wellbeing for all and tackle inequality, in partnership with people and the communities they live in.
our people	People who work at cohealth are committed to designing and delivering high quality health care and promoting and protecting human rights.
diversity and inclusion	We want people of all ages, gender identities, sexualities, cultural backgrounds, and abilities to feel safe to bring their whole selves to cohealth. We are a Rainbow Tick Accredited organisation with over 20% of our staff from the LGBTQIA+ community. To find out more about us click <a href="#">here</a>

### network overview

everyone is welcome at **cohealth**

## Services Network

The Services Network is responsible for delivering a wide range of health and social support services in the East Coast of Tasmania as well as Melbourne's CBD, and northern and western suburbs.

## position overview and purpose

This position sits within the Primary Care Directorate and will help support a community designed plan for multidisciplinary primary care services and innovative workforce solutions for the Glamorgan Spring Bay area. The General Practitioners (GPs) are well supported by Registered Nurses, on site interpreters and administration teams including a Practice Manager and Client Service Officers (CSOs). cohealth has many programs a GP can access to assist with a client's care, including extensive support for clients with chronic conditions. GPs work collaboratively with the broader health team to deliver client centred, evidenced based, holistic care.

## key accountabilities

### program delivery

- Must have professionally recognised vocational training and qualifications as recognised by the RACGP.
- Maintain professional registration with the Medical Board of Victoria.
- Independently provide and coordinate comprehensive medical care for patients, their families, and the communities we serve.
- Maintain their professional competence for General Practice through participation in the RACGP QA and CME Program, Centrewide in-service programs, and sector-related training.
- Are bound professionally by a "Duty of Care" and therefore must be aware and act according to the Profession's Code of Ethics and Standards of Care as set by the Australian Medical Association and Royal Australian College of General Practitioners.
- Maintain all client personal and health information within the limits of the Health Records Act, 2000, National Privacy Principles 2001 and per the RACGP "Code of Practice for the Management of Health Information in General Practice".
- Maintain professional, accurate and contemporaneous patient records and other documentation in accordance with the RACGP Standards of General Practice, 4th Edition.
- Administer treatments in accordance with the policies of cohealth.

## clinical practice

- Provide the patient and his/her family with initial, comprehensive, preventive, coordinated and continuing medical care.
- Will be a resource to clients, doctors and other Health Centre staff in clinical matters.
- Provide treatment and care to patients in accordance with best practice and therapeutic guidelines.
- Support and counsel patients in a professional manner and in accordance with professional guidelines.
- Provide emergency and urgent medical attention to clients and staff.
- Be proficient in minor surgical procedures, trauma-related procedures and any other procedures routinely conducted within the clinic.
- Conduct health assessments, pre-employment medical examinations and industrially related medical examinations.
- Immunise children and adults in accordance with National schedules and best practice.
- Be proactively involved in patient health/disease management through care planning, case conferencing, health assessments and routine recalls.
- Accurately record all relevant MBS items during consultation and maximize the use of all relevant MBS Item number during individual consultations
- Make best use of supports tools, nursing, and reception to reduce administrative tasks and time spent on non-billable activities
- Refer clients to appropriate health providers in a timely manner.
- Maintain care of the clinic car, and all medical and office equipment used on and off site to ensure efficient operation of the clinic and quality patient care.
