## Our vision and mission

Darwin 2030 – City for People. City of Colour.

We will work with the community and partners, provide leadership and deliver services that create opportunities to enhance the economic, cultural and environmental sustainability of Darwin.

## Our strategic directions

- A capital city with best practice and sustainable infrastructure
- A safe, livable and healthy city
- A cool, clean and green city
- A smart and prosperous city
- A vibrant and creative city

## Organisation operating model

City of Darwin's organisational operating model is an agile high -performance operating model based on supporting collaboration, improving speed of delivery of strategic outcomes, and growing innovation. The model consists of four operating hubs, the Office of the Lord Mayor and CEO, Community, Corporate and Innovation, and incorporates:

- an agile organisational structure,
- high-performance culture,
- enterprise leadership,
- psychological safe working environment, and
- high collaboration and communication.

## Position objective

This role is required to assist in the works related to the effective installation, management and maintenance of City of Darwin's controlled irrigation and watering systems in order to support the minimisation of irrigation costs and misuse of water in accordance with the Municipal irrigation Strategy.

## Key result areas

### Corporate identity

- Promote and embody City of Darwin's Vision and Mission.
- Promote and embody City of Darwin's staff values, CARES (**C**ustomer Service, **A**ccountability, **R**espect, **E**xcellence and **S**olidarity).
- Act in accordance with and abide by the City of Darwin's Code of Conduct.

### Service delivery

- Actively assist in the installation and upgrading of new and existing irrigation infrastructure across the municipality by: -
  - Performing irrigation system installation, connection and testing of irrigation lines, irrigation systems and related water systems by repairing or replacing sprinklers, broken, leaky or corroding lines, pipes, and solenoid valves ( above and below ground level)
  - Performing minor repair work or replacing as necessary, irrigation equipment, such as controllers, flow meters, rain sensors, pressure sensors, and communications systems
  - Installation of a range of irrigation systems controllers, including Telemetric.
  - Wire and power locating services and identification.
- Operate a range of small tools, plant and equipment in accordance with manufactures and safety standards.
- Proactively participate in skill development relevant to Councils Telemetric Irrigation control system
- Ensure all irrigation systems maintenance tasks are undertaken in accordance with daily / weekly schedules assigned.
- Utilise resources and fleet in accordance with the Code of Conduct and relevant procedures or policies.
- Undertake duties relevant to City of Darwin operational requirements within the scope of this position such as small project work, cyclone clean-up and other ad hoc requirements as identified.
- Communicate and engage appropriately with community members when out on site in accordance with our Code of Conduct.

## Team support (people and capability)

- Work professionally, cooperatively and respectfully with other team members to accomplish joint tasks and build positive working relationships.
- Be flexible and adaptable to working in various work locations throughout the municipality as needed to perform the role effectively.
- Undertake any other duties within the skill and scope of the position or your skill set, as directed.
- Actively participate and contribute to team meetings and other relevant forums, events or organisational meetings as required.
- Proactively engage in performance management processes (ie. probation reviews and annual performance appraisals) as required.

## Workplace health and safety

- Ensure your personal health and safety and that of others in the workplace, and report all accidents, incidents and hazards immediately via WHS systems.
- Comply with all CoD Workplace Health and Safety (WHS) policies, procedures, guidance and other-directed requirements.
- Comply with any reasonable directions (such as safe work procedures, wearing personal protective equipment) given by management for health and safety purposes.
- Report all accidents, incidents, near misses and hazards immediately.

## Position prerequisites

### Level 1A

- General Construction Industry - White Card
- C Class Drivers Licence - ability to obtain MR (18 - 24 months)

### Level 1

- Medium Rigid (MR) Licence
- Certificate II in Irrigation or equivalent qualification and / or minimum of 2 (two) years relevant experience in commercial irrigation systems
